

STEEL WIRE

Bright steel wire

Standard: ASTM, DIN, BS etc.

Wire diameter : 0.60mm – 5.00mm

Main applications: roping wire, spring wire, air duct,
conduit outer casing, brassiere wire.

Packing: coil, core, Z-2, reel.

Galv. low carbon steel wire for armoring cables

Standard: BS(5467,6346,6622,7835,6724),BS10244-2, EN10257-1,IEC60502

Wire diameter : 0.80mm – 6.00mm

Packing: coil (500 – 800 kgs/coil)

STEEL WIRE

Copper / nickel coated steel wire

Standard: ASTM, BS, etc.

Wire diameter : 0.20mm – 2.10mm

Main applications: drop wire, coaxial cable

Packing: reel

Galv. steel wire

Standard: ASTM, DIN, BS etc.

Wire diameter : 0.20mm – 5.00mm

Main applications: roping wire, spring wire, air duct, armouring, outer casing, building wire,
nail wire

We supply both hot-dipped & electro – plating steel wire, high carbon and low carbon.
